

## **SMOKE ALARM REQUEST FORM**

Smoke alarms should be placed in all bedrooms, outside each sleeping area, and there must be at least one smoke alarm on every level, including the basement.

The Tallahassee Fire Department will provide two (2) residential smoke alarms at no cost to homeowners who are either physically or financially unable to purchase or install their own smoke alarms.

The homeowner must be present at the time of the smoke alarm installation. If you do not own your home but have concerns about your smoke alarms, contact your property manager.

## Please fill out the form completely to be considered for program participation.
