

Police Officers

DEFERRED RETIREMENT OPTION PLAN (DROP)

The following is a list of provisions of the City of Tallahassee Police Officers' DROP plan:

- 5 Year DROP (Maximum) - This means you would have to terminate employment at the end of your five (5) year DROP period; however, you could terminate employment at anytime you are participating in DROP. Your decision to join DROP is irrevocable.
- Police Officers are eligible to join DROP at normal retirement (25 years of service or age 55 with 5 years of service). There is no provision for joining DROP at early retirement.
- Police Officers have a 2-year window to join DROP, beginning with their first eligible normal retirement date (25 years of service or age 55 with 5 years of service). You will no longer have the option to join DROP once this deadline is past.
Exception: A police officer who is age 55 and has less than 25 years of service will have until either age 60 or 27 years of service (whichever comes first) to join DROP. With a 2-year election period, a Police Officer could have 27 years of service plus 5 years in DROP, for a total of 32 years.
- Your retirement benefit is calculated as though you "retire" the day you enter DROP. You continue working as an active employee, while your monthly DROP benefit accumulates in an interest-bearing account. You stop earning pension accrual at the time you enter DROP.
- Your monthly DROP benefits are held in the Tallahassee Guaranteed Income Account at Empower Retirement as long as you are still employed. Once you terminate employment/DROP, you will have full investment control and access to your DROP funds. You will also have the same withdrawal options currently available with your 185, MAP 401(k) plans and RSVP 457.
- Once you join DROP, your pension contribution will cease.
- You will continue to participate in the 185 Supplemental Share Plan while in DROP.
- You will not be able to access/withdraw any DROP, 185, MAP 401(k) or RSVP 457 funds until you terminate employment/DROP participation.
- Once you enter DROP, you will choose a retirement option that can provide for your beneficiaries. Coverage under the Pre-Retirement Death Benefit as an active employee will no longer be available.
- Personal/Sick Leave:
 - Personal and Sick Leave will continue to accrue while you are in the DROP program.
 - Personal Leave may be used to increase your pension benefit. If you choose to use Personal Leave in your pension benefit calculation, please note the following:
 1. You will receive payment at DROP entry for leave used in the calculation.
 2. The amount of personal/sick leave you are allowed to use in the calculation is the lower of:
 - a) leave balances at DROP entry
 - b) leave balances on October 1, 2013
 - c) six (6) weeks of leave
 - Upon exiting DROP, you will be paid your Sick Leave hours per H/R policy; your Personal Leave hours up to a maximum of your personal leave balance at DROP entry (after reduction of hours used in pension calculation).
