SHAPE OUR FUTURE

We need your input on updates to the Land Use and Mobility elements of the Tallahassee-Leon County Comprehensive Plan, which provides the blueprint for growth and development. Residents can provide feedback online through a Digital Workshop at Talgov.com/LandUseUpdate.

Additionally, a series of meetings and deep dive workshops is taking place throughout March and into early April to gather input. Learn more at Talgov.com/LandUseUpdate.

The Land Use Element Update Project is an effort to update the local public policy related to land use and transportation in our community. This policy addresses how and where development occurs, how natural resources are preserved and protected, and how places are connected with roads, sidewalks, bike lanes and trails.

Planning staff will use feedback gathered through the open houses, digital workshop and deep dives to refine and revise the proposed objectives. Staff will then take the revised objectives to the City and County Commissions for further consideration later this year.

WORK WITH US

When you ask residents what they love about living in Tallahassee, there's a good chance you'll hear the word "community." Whether it's within our active neighborhoods, thriving business sector or government offices, the spirit of goodwill and cooperation gives Tallahassee a special feeling. At the City, we couldn't agree more.

For the City of Tallahassee's nearly 3,000 employees, our city is our home. We take pride in keeping the community safe and beautiful while ensuring residents receive reliable, affordable services. Maintaining medians, clearing storm drains, repairing sidewalks - the details matter to us! City employees work hard to provide high-quality municipal services because they care about this community and the people who live here. There are employees working around the clock every day of the year to make Tallahassee a place we're all proud to call home.

If you love Tallahassee and are looking for a career with community impact, join our team. Visit Talgov.com to view open positions.
